Hi Gail

The kids had such a good time Gianna's first Birthday. Weeks past and my nieces and nephews are still talking about the "Party Girl" and all the fun they had. We are planning a surprise party for my parents I will call you when we have the date I want your services that day.

Dear Gail

I just wanted to thank you for the help in booking the petting zoo for Robert's 2nd birthday. The animals were clean and the staff was wonderful. They were very kind and patient with the children. I look forward again to working with you.

Dear Gail

I wanted to thank you for a great job at our block party. I am so happy we found you!

The children had a great time and everything went so smooth. This block party after 6 years I got to enjoy myself. The D.J.'s were wonderful and the carnival games were a smash. The face painting was so well done. The men that worked the bounce were very helpful too. I going to make sure I call you the second the date for next year is set.

Thank You

Linda
